

## MANY FOUNTAINS NOT SANITARY

Use Sterilizers Merely as Camouflage—Rinse Glasses in Cold Water.

## SOLDIERS GET CUPS

Drastic Steps May Be Taken to Insure Sanitary Conditions at All Places.

While the government and city health regulations require all dishes, glasses and silverware used at the soda fountains to be thoroughly sterilized after using, several local soda fountains are not complying with these rules. In fact, recently, there has been considerable complaint at the United States health service office and the city health department concerning the conditions at local soda fountains.

Commissioner H. D. Hufaker, of the city health department, states that it is one of the most difficult problems that the department has to deal with. It has been found that at several places where the sterilizers have been put in, they are being operated merely as a camouflage. The sterilizers are kept hot, but the glasses and other implements are washed in cold water, and drinks served to as many as seventy-five people during the day from glasses which have been merely rinsed off.

Recently one of the government inspectors went into a very prominent drug store in Chattanooga, and, upon making an investigation, found that the sterilizer was running and was full of glasses; these glasses were marked, and, upon another visit to the drug store late that afternoon, the inspector found that the same set of glasses had been left in the sterilizer the entire day.

Another thing that is being practiced at some of the drug stores and soft drink establishments is to serve the civilians glasses while the man in uniform is given a sanitary cup. As most of the government inspectors wear the regulation United States army uniform they, in this way, "put one over on the inspectors."

It is not the purpose of the government to make these places safe only for the soldier, as insanitary conditions for the civilians may mean the spread of disease to military circles. Then, too, those wearing the "kit" clothes today are in khaki tomorrow.

Of the large number of drug stores with soda fountains in Chattanooga, Dr. C. P. Knight, of the United States health department, feels that there are comparatively few that are carrying out the government regulations to the letter. However, he says that he believes that the fault is with the employees, as there are so many new soda-fountain boys coming and going in the drink places all the time, and that this makes it rather hard for them to keep things going as they should be.

In several other southern cities and other parts of the United States government officials have closed the drug stores or stationed provost guards in front of these places until they knew the place was safe for the public.

It is not the object of Dr. Knight to place guards in front of any establishment in Chattanooga where the manager is making every effort to keep his place clean and sanitary, but he states that he will not hesitate to take drastic steps in cases where it may seem necessary.

## IN FLUFFY FRILLS AND FROTH OF LACES FASHION BEDECKS MIDSUMMER GRACES

Organdie, crisp, cool and bright-colored as flowers, is the fabric par excellence for frilly frocks. Best of all, it requires only tiny ruffles and quaint ribbon or organdie roses to complete its spell. Transparent hats of organdie and a flopping beauty, of wheat-trimmed leghorn crown these delectable costumes.

(By Betty Brown.)

As if in gay protest and fluttering defiance of the scarcity that is wool and the sombre simplicity that is war-time fashions, the frocks of midsummer that blossom like flowers in August gardens and along the beaches are a bewildering company of frills, laces and exquisite transparencies.

Summer heat and its resulting relaxations forbid that we should be sober and heavy either in our thoughts or our costumes. And the fabric creators, with a considerable thought for war-time purposes, have designed such delectable and inexpensive temptations in the way of organdie, silk gingham, batiste, handkerchief linen and new foulards, that we are justified in a bit of costume gaiety.

Nevertheless the wardrobe without an organdie frock is poor indeed and should hasten to equip itself with frills like these sketched for Fashion Art Magazine. Crisp and sheer, and of flower-like hues of blue, rose and daffodil yellow, organdie, unadorned except by its own small ruffles, and climaxed by a transparent hat of the same material, is a summer frock artistically correct in every way. Almost every such gown displays a fascinating sash of self-material.

The new Oriental silks that come to us from China and Japan are increas-

ingly popular, and are the happiest solution for the no-wool problems of autumn and winter. One Chinese silk is a soft brocade crepe with the weight and quality of charmeuse and the dull finish of crepe de chine. The brocade design is the same color, but satin finished. For afternoon and evening frocks it is ideal material. Yuzen crepe is a wondrous light-weight Japanese silk crepe, hand-dyed and stenciled marvellously. It is exclusively used for summer daytime wear.

For the charming suits of foulards, crepe and heavy satin which are the present summer's particular vogue, there is always an accompanying blouse of much befrilled organdie, with the daintiest touches of colored embroidery, from silken dots to yarn darning stitches.

## WHEN SHOPPING KEEP IN MIND

(By Betty Brown.)

When you take your purse and parasol and go a-shopping for smart things remember that—  
Lace is in its highest favor in Paris and New York for dance frocks, on blouses and frocks of cotton, crepe, silk, on hats, and parasols.  
Paris decrees sashes at any and all times. Cloth tailored suits have long

## HOW BUSINESS WOMEN CONSERVE TIME FOR PATRIOTIC LEAGUE WORK

Miller Bros. Employees Knitting Third Quilt for Base Hospital at Fort Oglethorpe—Many Other Articles Made.

The Patriotic league at Miller Bros. store has just completed the second quilt to be sent to the base hospital at Fort Oglethorpe. A number of squares are ready for the third one. The quilt is made of thirty knitted squares, each of which is a different color of the rainbow. Miss Jennie Lawton joined the squares and crocheted an edge around the quilt.

Besides these two quilts the league has made sweaters, socks, scarfs, property bags and booties for the Belgian babies. The mills have given them left-over pieces from knitted underwear and these they have utilized for the quilts. The girls crocheting an edge around them.

The league is composed of three units. Miss Edith Townsend is president of No. 1, Mrs. Mary Leedy of No. 2 and Miss Edna Lagrone of No. 3. The question naturally arises, When do these business women have time for this work? When a member was asked about this, the fact that they

were training in the conservation of store hours brought out. The knitting is taken with them at the noon hour, picked up at odd moments behind the counters and carried home in the evening, and in this way much is accomplished.

This is work that they have to show for when completed, but there is another line of work which, while they have nothing in hand to show for it, much credit has been given them for. Two nights out of a week, when the Red Cross work rooms were open at night, they went and worked, and the management said their work was most beautifully executed, that it was a joy and pleasure to look over it.

The Patriotic league at Miller Bros. alternates with the one at the D. B. Levey store in going to Fort Oglethorpe on Sundays and giving a program and carrying refreshments to a "Y" which they have adopted. In this way their time is turned to good account for the government.

## SUNBEAM BAND GIVES PLAY AT AUXILIARY

A feature of the program of the Women's auxiliary of the First Baptist church, Monday afternoon, was a play entitled "A Scene at the State Baptist Orphanage at Nashville," presented by members of the Sunbeam band. Mrs. S. P. Courtney, leader of the Sunbeam band, presided at the meeting. Beside the play, songs and short talks were given by the children.

Master Richard Courtney read the Scripture lesson. Members of the auxiliary brought books as a contribution to the Laura Dayton library at the orphanage in Nashville. A letter of thanks was read from Miss Maude McBryde for a box she had received in China from the auxiliary. Miss McBryde was formerly a well-known professional nurse in the city, but is now a missionary in China. The singing of America closed the program. It was announced that the Cooper Missionary union will meet at the Woodland Baptist church on August 14.

## Sour Stomach

Mi-o-na Puts the Stomach in Fine Shape in Five Minutes.

If your stomach is continually kicking up a disturbance; you feel bloated and distressed; if you belch gas and sour food into the mouth, then you need Mi-o-na Stomach Tablets.  
Mi-o-na stomach tablets give instant relief, of course, but they do more; they drive out the poisonous gases, and fermentation of food and thoroughly clean, renovate and strengthen the stomach so it can readily digest food without artificial aid.  
Mi-o-na stomach tablets are guaranteed to relieve indigestion, acute or chronic, heartburn, flatulence, gas, nervousness, dizziness and biliousness with disapper. Druggists everywhere and Jo Anderson sell Mi-o-na.

## WHAT TO DO WITH WOMEN PROBLEM

Erlanger Turns Them Out Aug. 15—Will Take No More.

## JAIL NOT PLACE—JUDGE

No Room at Crittenton—Must Be Kept Off Street or Soldiers Can't Come In.

C. M. Preston, chairman of the Erlanger hospital board, states that the trustees are not willing to make any alterations in their announcement on July 24 and that the doors of the hospital will be closed to venereal cases after Aug. 15. The hospital is too crowded, he explains, with legitimate cases, for them to attempt to continue taking these cases after this time. There are now 125 patients in the hospital, 31 diseased women, and when an accident occurs facilities are taxed to accommodate them.

While the shocking behavior of the women who have been sent to Erlanger in the venereal clinic ward has been the source of much criticism, Mr. Preston declares that they have not made public half the trouble that the board members have had to experience in this regard.

Dr. Knight, of the United States health service, has hoped that the hospital board members would make the steps that they took and make some arrangements to keep the women. However, Dr. Knight contends that if they are turned out of Erlanger they must not be turned loose on the streets of Chattanooga.

The cases are quarantined and the question that the officials now have to deal with is where they are to be quarantined. Judge S. D. McReynolds has said that the jail is no place for these cases to be kept and that the cases at the Crittenton home is full up with these women. However, those who are sent to the Crittenton home have had previous treatments at the hospital and have been classified as "non-communicable cases" by the health officials, but have not been given a free bill of health.

With the announcement that no more women will be accepted at Erlanger, the cases at the Crittenton home will be recommended to the army officials at Chickamauga park that all soldiers be quarantined against Chattanooga unless there is a place provided for women infected with venereal diseases there will no doubt be some interesting developments.

The matter of the erection of a hospital at the Crittenton home in St. Elmo has been taken up at the meeting of the city commissioners, but the final plans have not yet been settled. The question of who is going to pay for the up-keep of the hospital after its erection is the one that stands in the way of the building. The money has been provided by the city and county for the construction, but there is no fund for the boarding of hospital women. By having a large hospital on the site of the Crittenton home Dr. Knight feels that the public health service will then be able to cope with the situation in the handling of venereal cases.

A surprise wedding of much interest locally was that of Miss Madolin Peyton Pemberton, daughter of Mr. and Mrs. J. P. Pemberton, and Corpl. Edgar Wendell Johnston, of New York, which took place Saturday evening at the Trinity church. The pastor, Rev. C. C. Potts, was the officiating minister. Only the immediate family being present.

Corpl. Johnston is the son of Maj. and Mrs. W. V. Johnston, of Brooklyn. He was a junior member of the federal reserve bank of that place before joining the colors. At present he is head of the finance department at Camp Gordon, but will leave in a few days for Camp Gordon, Atlanta, where he will enter the officers' training camp.

Mrs. Johnston has spent much time the past year in preparing herself for Red Cross work and was recently presented a Red Cross emblem, giving her the privilege to act as an aide in any government hospital. She is also a member of the Godmothers' association.

Corpl. and Mrs. Johnston have gone on a wedding trip, and upon their return, will be at home with her parents, 418 Houston street.

## GOVERNOR'S WIFE GOES TO FRANCE FOR Y. W. C. A.

Joint Campaign of Christian Associations for Funds to Be Launched in Early Fall.

At the Y. W. C. A. conference at Blue Ridge, N. C., a finance institute was conducted by Miss Elizabeth W. Hughes, secretary of the national board, New York City. This was intended as a training course for speakers and workers who will assist in the great finance campaign which will open in the fall to secure funds for the war work of the Y. W. C. A. in co-operation with the Y. M. C. A. Miss Hughes will make her headquarters in Atlanta until after the campaign is finished, and will direct the Y. W. C. A. forces in this section.

Mrs. Thomas W. Bickett, wife of Gov. Bickett, of North Carolina, is soon for France to look over the work of the organization there and will return in time to assist in the campaign. Mrs. Bickett was one of the hostesses of the conference.

## SERGT. WRIGHT ENCLOSSES LETTER FROM KING GEORGE

A friend in the city has received a souvenir from Sergt. Charles M. Wright, of the machine gun company of the Fifty-second infantry, which he prizes very highly.  
The letter came Monday and in it was enclosed the letter of welcome handed Sergt. Wright by his majesty, King George, when the infantry marched through London. Sergt. Wright arrived safely in England on July 22. He was stationed at Camp Forrest for more than a year, and while here, made many friends in the city.

## SISTERS OF SOLDIERS ARE NOW ELIGIBLE FOR OVERSEAS WORK

Will be Sent Back to America if She Marries Soldier—Must Promise Not to Try to See Relative Whether Wounded or Well.

The following memorandum, signed by Gen. Peyton C. March, chief of staff, has been authorized by the war department, the committee on public information states: On representation of responsible heads of the Red Cross, Y. M. C. A. and other allied bodies which are doing war work in France that they are unable to obtain a sufficient number of women as workers, the prohibition by the war department concerning the granting of passports to relatives of officers and men in the United States army is modified so as to permit the use of sisters of soldiers as workers under the following conditions:

1. The sisters must be duly accredited members of one of the regular authorized organizations.  
2. Each must be particularly qualified by training for the position she is to fill.

3. That she is sent to France as a worker and not as a relative.  
4. That she will make no efforts to visit her relatives in France, whether sick or well.  
5. That the organization to which she belongs will make itself responsible for returning her to America in case she violates these rules.

6. That if she marries an officer or a soldier in the American expeditionary force after her arrival, she will automatically be sent back to the United States by the organization in which she is serving.

An agreement has been reached with the heads of the organizations affected to submit to the headquarters of the A. E. F. in France, for approval, lists showing the numbers they recommend being sent, and those actually sent will, therefore, be based upon the calls of the heads of these societies in France.

## "devotion to duty and loyalty."

Mr. Darwin's special citation translated from the French follows: "Although having been gassed, and upon recovery from this, learning that ambulances were needed, rejoined the first-aid workers voluntarily, giving his comrades a fine example of courage and a perfect comprehension of his duty as an American soldier. He had already distinguished himself many times previously."
